2024-2025 CCI Program

Agriculture	
	Agribusiness
	Agricultural Geospatial Technology
	Agricultural Production Management
	Animal Science
	Environmental Horticulture and Conservation
	Sustainable Agriculture
Business Management	and Administration
Entropropourship	Entrepreneurship
Entrepreneurship	Small Business Management
Finance	Accounting
Marketing and Public	Marketing
Relations Management and Administration	Promotions and Public Relations
	Social Media Marketing
	Administrative Professional
	Business Information Technology
	Business Management
	Business Operations Support Services
	Human Resources
	International/Global Business
	Leadership Development
	Logistics/Global Supply Chain Management
	Manufacturing
	Organizational Leadership
- 1 -1 -1 -1 -1 -1	Project Management
Early Childhood Educat	
	Administration of an ECE Center
	Early and School-Age Care Specialist
	Early Childhood Education and Development
	Special Education
Engineering	
	Architecture
	Automated Industrial Technology (w/ courses available in Semiconductor Technology)
	Automotive Technology or Service Management
	Automotive Technology or Service Management Computer Aided Design
	Automotive Technology or Service Management Computer Aided Design Construction Management
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics
Health and Public Safet	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding
Health and Public Safet	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding
Health and Public Safet	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding y Emergency Services/ Emergency Medical Services
Health and Public Safet	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician
Health and Public Safet	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding Y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding Y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician Y Computer Information Systems (CIS)/Computer Science (CS)
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding Y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician Y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT)
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT) Cybersecurity
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding Y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician Y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT)
	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding
Information Technolog	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding Y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician Y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT) Cybersecurity Geographic Information Systems (GIS) IT Technician: Desktop Support, Computer Support, Network Technician tions
Information Technolog	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding Y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician Y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT) Cybersecurity Geographic Information Systems (GIS) IT Technician: Desktop Support, Computer Support, Network Technician tions Digital Media
Information Technolog	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT) Cybersecurity Geographic Information Systems (GIS) IT Technician: Desktop Support, Computer Support, Network Technician tions Digital Media Media, Journalism and Communication
Information Technolog	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT) Cybersecurity Geographic Information Systems (GIS) IT Technician: Desktop Support, Computer Support, Network Technician tions Digital Media Media, Journalism and Communication Public & Media Relations
Information Technolog	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT) Cybersecurity Geographic Information Systems (GIS) IT Technician: Desktop Support, Computer Support, Network Technician tions Digital Media Media, Journalism and Communication
Information Technolog	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding Y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician Y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT) Cybersecurity Geographic Information Systems (GIS) IT Technician: Desktop Support, Computer Support, Network Technician tions Digital Media Media, Journalism and Communication Public & Media Relations Web Design Web Development
Information Technolog	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding Y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician Y Computer Information Systems (CIS)/Computer Science (CS) Computer Information Systems (GIS) IT Technician: Desktop Support, Computer Support, Network Technician tions Digital Media Media, Journalism and Communication Public & Media Relations Web Development V Management
Information Technolog Media and Communica	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding Y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician Y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT) Cybersecurity Geographic Information Systems (GIS) IT Technician: Desktop Support, Computer Support, Network Technician tions Digital Media Media, Journalism and Communication Public & Media Relations Web Design Web Development
Information Technolog Media and Communica	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding Y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician Y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT) Cybersecurity Geographic Information Systems (GIS) IT Technician: Desktop Support, Computer Support, Network Technician tions Digital Media Media, Journalism and Communication Public & Media Relations Web Design Web Development y Management Hospitality and Hotel Management Culinary Arts and Restaurant Management
Information Technolog	Automotive Technology or Service Management Computer Aided Design Construction Management Electricity, Electro Mechanical and Electronics Technology Heating Ventilation and Air Conditioning Machine Repair: Automated Systems Manufacturing Technology Mechatronics Renewable Energy Technology Robotics Welding y Emergency Services/ Emergency Medical Services Fire Sciences, Protection and Safety Pharmacy Technician y Computer Information Systems (CIS)/Computer Science (CS) Computer Internetworking Technologies (CIT) Cybersecurity Geographic Information Systems (GIS) IT Technician: Desktop Support, Computer Support, Network Technician tions Digital Media Media, Journalism and Communication Public & Media Relations Web Design Web Development / Management Hospitality and Hotel Management
